 0.12

**Which 2 topics covered over the 2 days did you find most interesting or useful?**

0 4 1

(2/2)

6. No Pacific Legislative Framework for Non-Communicable Diseases

## Please briefly share how future meetings could be improved

033

(1/3)

- More participation from country members
- More dialogue and discussions.
- Meeting papers to be sent in advance to participants and also copies of presentations given to participants. Member countries encouraged to present health issues affecting PICs.
- must have MUCH more involvement of members. Member attendance was poor, less than 1/3 of SPC members. This is not representative. Secretariat needs to pre engage
- Virtual meetings in Pacific Island countries is a bit difficult because of the connectivity issues.
- Examples from countries
- Look forward to face to face meeting
- We found the meeting very useful at NZ Ministry of Health. Thank you to all involved. If time allows in future, breakout sessions could be useful to allow productive/informal debate and sharing of lessons learned.
- I just joined today but I really learn

## Please briefly share how future meetings could be improved

0 3 3

(2/3)

- a lot and looking forward to future meetings.
- More presentations from governments
- papers for meeting made available early
- To coordinate with partners before sending out the working papers
- Call countries by name to comment/respond
- No comment - very well run
- More country contribution
- No much to add
- Possibly have pocket meetings around the papers facilitated by technical agencies/partners
- More input from PICT representatives.
- Have an introduction of participants and a photo session
- The format is suitable and the poll evaluation is very useful
- more countries share their success or even challenges
- Looking forward to returning to in-person meetings when conditions allow
- Through hybrid and virtual.

## Please briefly share how future meetings could be improved

0 3 3

(3/3)

- No comment - was good
- Earlier access or immediate to presentations
- Face to face
- More good practices and lesson learned from the countries
- More involvement of country participants
- More discussion by countries
- I would like to hear more from the PICs colleagues
- Not much to add
- Overall excellent.
- Having more country delegates attend.
